

Sixty on Thirds

Call to Queens. Call the treble to 5ths place. Move bell A (the bell that is leading) up one place. Call the treble to lead. Move bell A up one place. Call the treble to 5ths place. Move bell A up one place. Call the treble to lead. **Bell A will now be in 5th place.**

Repeat the above sequence. Once bell A has reached 5th place, the bell that is leading becomes bell A. Once the sequence has been repeated 4 times in total, the bells will have come back into Queens. Call to Rounds.
