General Points

- The methods to ring in each session are based mostly on the various requests I received, but should of course be regarded as *suggestions*.
- Each session has time for a quarter peal or a general practice session. It's entirely up to bands/conductors to decide which is most appropriate. Could conductors please send up any quarters scored to BellBoard and associate with the event 'Scottish Online Handbell Day Jan 2021'.
- There is margin for sessions to overrun into breaks by a few minutes if need be (e.g. last course of a quarter!) but **please be finished at least 5 mins before the next session** to allow the host to re-assign Break-Out Rooms.
- Success may depend as much on individuals' internet lag as actual ringing ability. Please be flexible and consider ringing something simpler in the event of technical difficulties!
- In the event of lag, it's generally better to simply wait for the bell to ring than to keep pressing the keys (which leads to multiple rings).
- With such a healthy number of people I'm not sure how feasible it will be to 'socialise' during the breaks but we will do our best! If you want privacy, it's preferable to simply Mute and Video-Off rather than actually leave the meeting and re-join (which may delay you, and creates more work for the host).
- In the event of technical problems with accessing the Zoom call, please text me on 07768 631867.
